

## REMARKS

Applicant is submitting herewith this amendment concurrently with Applicant's issue fee payment and in response to the Patent Office Communication dated October 12, 2004 regarding a Response to Applicant's Request for Corrected Filing Receipt. As indicated in the Patent Office Communication, the Patent Office alleges that the title on the issued Filing Receipt was captured as provided by Applicant on the first page of the specification and thus any changes thereto would require an amendment of same.

Applicant respectfully submits that this position is improper. Indeed, as originally filed, the first page of the specification indicated the title as "AUDIO AND/OR VIDEO DATA RECORDING AND REPRODUCING APPARATUS AND METHOD OF SAME". This is different than the title as indicated on the filing receipt that issued during the prosecution of this case.

In any event, Applicants are submitting herewith an Amendment to the Title based on how the title appears in the Filing Receipt. With this amendment, the title will reflect the title as originally filed with the specification in this case. Applicants believe that this amendment raises no new issues and is further supported in the specification and thus raises no issues of new matter. Accordingly, Applicants respectfully request that the record for the present case reflect this change in the title.

Applicant does not believe that any fees are due and owing regarding the filing of this amendment. However, if any such fees are due and owing with respect to same, Applicant respectfully authorizes the Patent Office to change any additional fees which may be required or to credit any overpayment to Deposit Account Number 02-1818. If such a withdrawal is made, please indicate the attorney docket number (0112857-042) on the account statement.

Respectfully submitted,
